

# **GDP** for Beginners

# Storage - Transportation - Cold Chain

#### **SPEAKERS:**

Kane Edgeworth *Biomap* 

Dr Afshin Hosseiny Tabriz Consulting

Dr Andreas König Quality König

Emil Schwan Swedish Medical Products Agency

14-15 February 2019, Berlin, Germany

#### **LEARNING OBJECTIVES:**

- Relevant GMP and GDP Requirements and Guidelines and how to implement them
- Best Practices in Storage and Transportation
- Cold Chain and its Validation
- Shipping Stability
- Quality Risk Management
- Supply Chain Security

Workshop on Understanding the Supply Chain

#### **GDP** for Beginners

14-15 February 2019, Berlin, Germany

#### **Objectives**

During this course, **well experienced speakers** will share their **expert knowledge** about all relevant aspects regarding the current **GMP and GDP requirements and current developments** in storage, transportation and Cold Chain Management of medicinal products. You will learn how these requirements evolve and how they can be **implemented efficiently**.

#### **Background**

Globalisation, counterfeiting problems and the expectations regarding pharmaceutical **storage**, **transport and cold chain management** are forcing the pharmaceutical industry to challenge their current practices. Companies have to increase their effort and validation activities as one prerequisite for safe and secure storage and transportation of their medical products over boarders and through various climatic conditions.

Directives, Guides, Guidelines and initiatives from various regulatory bodies lead the way in this development and define expectations and requirements, where Good Manufacturing Practices (GMP) and Good Distribution Practices (GDP) are closely linked.

"Compliance with these guidelines will ensure control of the distribution chain and consequently maintain the quality and the integrity of medicinal products." (EU-GDP Guidelines)

### Target Audience

This education course is designed for all managers, supervisors and other staff members who are involved in pharmaceutical storage, transportation and cold chain and distribution activities and the control of those activities.

#### Moderator

Wolfgang Schmitt

#### **Programme**

#### **Regulatory Requirements and Guidance**

- What are the rules and regulations?
- Who is responsible for maintaining product quality in the supply chain
- Key challenges and criteria to consider
- Cold Chain and ambient storage and transportation
- The revised EU Guideline on Good Distribution Practice (GDP)
- Who needs a Responsible Person (RP)?

#### The Roadmap to Success

- Background and comments
- Delineation of responsibilities
- Introduction to the checklist

#### **Roadmap to Good Distribution Practice**

Each participant receives a Roadmap to Good Distribution Practice containing:

- An overview of the designated Responsibilities for Senior Management, Responsible Person and Authority
- A checklist for the implementation of GDP principles

## Best practices in Storage (how to implement requirements and stay efficient)

- Defining your specification
- 15-25°C and 1-8°C storage

#### **Temperature Mapping**

- Warehouse, vehicle & cold storage case studies
  - Protocol preparation
  - Seasonal variations
  - Impact tests
  - Results and reporting

#### **EU-GMP Guidelines:**

"Where special storage conditions are required (e.g. temperature, humidity) these should be provided, checked and monitored." (3.19)

#### **EU-GDP Guidelines:**

"An initial temperature mapping exercise should be carried out on the storage area before use, under representative conditions" (3.2.1). "If temperature-controlled vehicles are used, ...temperature mapping under representative conditions should be carried out" (9.4)

#### Workshop:

#### **Understand your Supply Chain**

- Selection of the supply route
- Process mapping of a supply chain
- Developing a QMS for supply chain (Policies, SOPs, documentation & Training)

#### **Cold Chain Management and its Validation**

- Validation of transport and hold time
- Validation vs. monitoring
- Qualification of various transport routes
- Data collection and evaluation

#### **Best Practices in Transport and Logistics**

- How to implement the requirements and stay efficient
- Managing 15-25°C and 2-8°C transportation
- Challenges that different modes of transportation introduce to pharmaceuticals

#### **Shipping Stability**

- What should industry do and deliver
- Using stability data to assist in supply chain design
- What is the necessary data to discuss excursions
- Discussion of possible deviations and excursions

# **Supply Chain Security (1): Expectations of the Inspectorates**

- Anti-counterfeiting strategies
- What the agencies can do
- What industry can do
- Compliance issues

## Supply Chain Security (2): How to minimise Risks

- FMD requirements and the link to GDP
- Timelines for industry
- What the distributors an 3LPs need to know
- What else companies need to do to prevent security risks

#### **Speakers**

Kane Edgeworth, Biomap, U.K.

itech UK Ltd.

Kane Edgeworth is Director at Biomap, providing temperature monitoring solutions for the Life Sciences industry. Before that, he was Operations Manager at Sens-

Afshin Hosseiny, Ph.D.,

Tabriz Consulting Ltd., U.K.
Dr Afshin Hosseiny is Managing Director of Tabriz Consulting Ltd. Before working as a consultant, he was Director of Quality Assurance for the Global Supply Network of GlaxoSmithKline.

Dr Andreas König,

Quality König , Germany

Dr Andreas König is General Manager of Quality König GmbH. Until 2016 he was Senior Vice President Corporate Quality & HSE at Aenova Holding GmbH. Before that he was Vice President Global Quality Op-

erations Animal Health at Schering Plough, Global Quality Director at Intervet and Head of QC and QA at Fresenius Kabi.

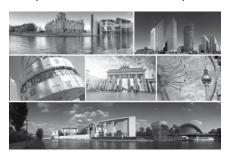

Emil Schwan,

Medical Products Agency, Sweden Emil Schwan is Pharmaceutical Inspector at the Drug Inspectorate of the MPA and a member of the PIC/S Working Group on GDP.

#### **Social Event**

In the evening of the first course day, you are cordially invited to a social event. This is an excellent opportunity to share your experiences with colleagues from other companies in a relaxed atmosphere.

**Reservation Form:** CONCEPT HEIDELBERG P.O. Box 10 17 64 69007 Heidelberg Germany

P.O. Number (if applicable)
